

PUSH BUTTON COLOR AUDIO WALL PANEL

Technical Parameters :-

- ◇ Power Supply: AC110V-AC220V 50Hz
- ◇ Output Supply: 12W+12W
- ◇ Input Impedance : 47K Ω
- ◇ Output Impedance : 8 Ω
- ◇ THD : 0.03%
- ◇ SNR : >95dB
- ◇ Recording sampling rate: 48KHz
- ◇ Frequency Response: 20Hz-20KHz
- ◇ FM radio Range: 87MHZ--108MHZ
- ◇ Memory Card : 128MB-32GB
- ◇ RC range : $\leq 10M$
- ◇ Production Size : 86*86*42MM(L*W*TH)

FUNCTION :-

1. New master control, Hi-Fi sound quality, wide frequency response.
2. 86*86mm panel, hidden switch.
3. Multiple audio sources: AUX1/AUX2/built-in amplifier/USB/TF card/3.5mm audio interface/ Bluetooth
4. 3.5mm audio interface, you can connect to your phone or MP3, etc.
5. support for MP3, WMA, APE, FLAC, OGG, AAC, AC3, DTS, display Inc.
6. Plug in USB and play music directly.
7. Data interface : you can connect it to PC.
8. Built-in FM radio, choosing stations manually and automatically, pre-set the stations.
9. Time-switch(on): you can set your song to play firstly.
10. Time-switch(off): you can set any time to power off.
11. 28-level volume adjustment.
12. With memory function in case of power down.
